

Let Us Do The Potting For You!

At **Carousel Gardens** not only do we have beautiful plants for your containers, we can do the dirty work for you.

Here is how it works –

- Bring in your containers or buy new ones here.
- Fill out potting information form.
- Gather plants that you want to hand select, or list variety, size and price on potting form.
- Request help for final selection, pricing, quote and to place your order.
- We will be happy to create your container for you with our own plant selection, if that is your preference, based on your potting form information.
